JOALHARIA DO CARMO

Joalhariado Carmo was born in the heart of Chiado and carries with it over **a century** of craftsmanship and history. Its Filigree jewelry evokes **elegance, sophistication, and distinction**, and continues to be crafted with the same precision and attention to detail as always, enchanting those who seek more than luxury: soul.

THE HEART

As an emotional heritage of Portugal, it carries within what **cannot be seen: saudade.**

The Filigree Heart is handmade, like a love letter written by hand, now reimagined with the unique spirit of Joalhariado Carmo.

THE NEW SOUL OF FILIGREE

A new generation of artisans, trained in design, jewellery, and traditional techniques, is reinventing Portugal's Filigree. They blend mastery and vision, **creating jewels that break boundaries without losing their identity.**

Joalhariado Carmo proudly supports this movement and presents its exclusive collection of **Filigree with tradition at its heart and the future in its hands.**
